

Do you believe
people, planet and prosperity go together?

Do you envision
the need for a fundamental transformation of the economy from a short-term profit focus to one that values long-term ecological, social and financial wealth for the benefit of all?

Do you value
a vision which recognizes the interdependencies that exist in a global economy and the need for collective action?

Do you want
to be part of a growing movement of forward-thinking leaders who demand an organized, strategic approach toward engaging policy-makers and the wider community?

Do you treasure
the collaborative nature of our citizens, the beauty of our natural resources, and the potential for our businesses to thrive in the future ahead?

We do too. Come join us.

Getting it done.®

"VOIS is the one organization that brings together like-minded Oregon businesses to effect real change on a scale much larger than businesses could ever do on their own. VOIS has introduced gDiapers to other Oregon businesses who share the same triple-bottom-line mission and has strengthened our resolve to continue to do things differently. The success of VOIS confirms Oregon's status as America's sustainability capital."

~Jason Graham-Nye, Co-founder/CEO

"VOIS provides B-Line a place to connect with organizations in Oregon that believe that the health of our environment and society are paramount to our future well-being. Through VOIS, B-Line has found advocates, inspiration, and friends."

~Franklin Jones, B-Line Sustainable Urban Delivery

JOIN THE CHAMBER OF CHANGE

vision

VOIS envisions a prosperous economy driven by *innovation, environmental stewardship and social justice.*

mission

VOIS supports and activates the sustainable business community through policy advocacy, education, and leadership cultivation to create an equitable and prosperous future.

This document is made from 100% recycled paper.

Voice for Oregon Innovation and Sustainability: a robust business alliance dedicated to creating a prosperous and sustainable future for Oregon

VOIS members share the conviction that what is good for the environment and good for people can also be great for business. We are committed to **concrete actions** that create true prosperity:

- * Educate and inspire our membership to be **the voice of sustainable, forward-thinking business in Oregon**; engaging our membership to support legislation and candidates that contribute to their aspirations for a prosperous, sustainable future.
- * Empower our members to continue on the path of sustainability, offering **educational opportunities** and **practical tools**; inspiring and training **new generations of sustainable business leaders**.
- * Support member businesses with **collective marketing** designed to **increase sales** of member goods and services in Oregon and far beyond, while raising awareness of the **benefits of buying locally** and keeping money circulating in the regional economy.
- * Coordinate with other like-minded organizations to further our mutual goals for a **sustainable future**; accessing **existing expertise** on behalf of our members.

The VOIS Member Pledge

I recognize that VOIS is committed to a new model of prosperity—one that fundamentally transforms our economy to generate long term ecological, social and financial wealth for the benefit of all. I commit to working with VOIS to leverage the positive contributions of the business community toward achieving this vision for a truly sustainable Oregon.
